ANOTHER MEETING ON MONDAY NIGHT

Committee on Arrangements, Appointed Last Night, Will Report on Armistice Day Program

TOWNSHIP CHAIRMAN NAMED
Each Requested to Attend Monday Night When Final Plans For Celebration Will be Made

Committees on arrangements, finance and advertising and a chairman for each township, were appointed at a meeting of business men and others interested, last night, in preparation for the celebration of Armistice Day, November 11, and another meeting will be held Monday evening at eight o'clock in the court house assembly room to hear a report of the committee on arrangements and make detailed plans for the event.

The committee on arrangements, which is composed of W. S. Oneal, Walter F. Easley, Jack Knecht, Dr. Charles S. Green, R. S. Davis and Tom Riggs, will meet Monday afternoon at five o'clock in Fon Riggs' office, when a definite program to be presented to the meeting Monday night, will be prepared. In the meantime members of the committee are open to suggestions and would like to hear from every person who is interested in the celebration, regarding their ideas how the first anniversary of the ending of the war should be observed.

The finance committee appointed last night is composed of the following: Will Abernombie, Walter Hubbard, E. R. Casady, P. A. Miller and H. S. Havens.

The advertising committee appointed was Earl Osborne, Paul T. Allen and Roy E. Harrold. Other committees needed will be named at Monday night's meeting.

Township chairmen were selected as follows and one man was designated for each chairman, to notify him to be present, if at all possible, at the meeting Monday night, when plans will be formulated to make the event a county wide celebration. The township chairmen picked were as follows:
Rushville—William A. Alexander.
Coble—John F. McKee.
Anderson—Frank McCorkle.
Orange—Charles Owens.
Richland—James Tarplee.
Walker—Sylvia Hodge.
Posey—Elmer Hutchinson.
Tipton—R. H. Hill.
Center—Bert Benner.

INTERURBAN AND AN AUTO RUB NOSES

Leslie Trobaugh and Charles French Escape When Motorman Applies Brakes in Time

NEAR ACCIDENT AT CROSSING

Leslie Trobaugh and Charles French narrowly escaped serious injury this afternoon at the Perkins street crossing of the Indianapolis and Cincinnati Traction company, due to the fact that the 1:17 west-bound car had slowed down for the crossing.

The wheels of the interurban as well as the automobile screeched as both motorman and auto driver applied the brakes and the nose of the machine barely touched the front end of the car when both came to a stop.

Mr. Trobaugh did not see the car approaching as his view was obscured by side curtains on the machine. The automobile belonged to his brother-in-law, Frank C. George, an automobile dealer.

DRUG ADDICT HELD INSANE

Harry Dean of Center Township Will be Sent to Madison Hospital

A sanity inquest was held last night in the court house before Squire Stech, in which it was found that Harry Dean was a person of unsound mind. Dean, according to the information, was addicted to the drug habit and his mind had become affected. He had often made threats against his family and other people, and the officers arrested him yesterday afternoon. His home is south of Knightstown, in the north part of Center township. He is in jail here awaiting papers from the state hospital at Madison.

LITTLE PROGRESS IN CAMPAIGN REPORTED

No Out Townships Have Sent in Contributions to Roosevelt Memorial Fund

SOME HEADWAY IN RUSHVILLE

Little progress was reported today in the collection of funds for the county's quota in the Roosevelt memorial campaign. Up to noon today, not a single out township had reported although word has been received indirectly that several chairmen have been at work in an effort to raise their share of the county allotment.

Loren Martin, Rushville township chairman, has been making headway in his canvass here, and in addition to getting a 100 percent contribution from the employees of the I. & C. power house, has left subscription papers at local factories where, it is said, money is being given by the workmen.

The campaign ends officially Monday, Roosevelt's birthday, and it is hoped the canvass can be concluded as soon as possible so that the drive will not extend over a long period of time.

SECOND ACCIDENT AT SAME CROSSING

Automobile Driven by Miss Ruby Earls of Near Glenwood Runs Into I. & C. Car

MACHINE SHOVED UP ON WALK

The second accident within an hour and fifteen minutes occurred at the Perkins street crossing of the I. & C. traction line this afternoon when an automobile driven by Miss Ruby Earls of near Glenwood ran into the side of the eastbound car, due here at 2:24, and was whirled around and shoved up on to the sidewalk in Third street.

Four other women including the owner of the machine, Mrs. J. M. Beaver of Glenwood, R. R. 1, and a child were riding in the machine, but none was hurt as it did not upset. Motorman Abernathy of this city said he saw that the automobile could not avoid hitting the car and tried to stop, but the wheels slid on the wet track.

The automobile was slightly damaged. The left front fender was bent and two spokes in the left front wheel were splintered.

FAMILY OF SIX KILLED

Kearney, Neb., Oct. 25.—Charles Kimmerly, his wife, son, two daughters and an infant child, were instantly killed when an automobile in which they were traveling to their home at Sturgeon, Colo., was struck by a fast Union Pacific passenger train at Odessa, Neb., near here last night.

2 HELD ON GRAND JURY INDICTMENTS

Ed Wood Accused of Drawing Deadly Weapons and Violet Keyes For Prostitution

THE LATTER GOES TO JAIL

Raymond Munden Files Cross Complaint Against Goldie Munden Who Asks For Divorce

Two more grand jury indictments have been served by Sheriff Jones, and this morning Ed Wood was brought up, charged with drawing deadly weapons. The affidavit names Hoe Berry as the person whom Wood had threatened with a deadly weapon. Wood entered no plea, and Judge Sparks placed his bond at \$100, which will probably be given before night.

The other grand jury indictment was served yesterday by Sheriff Jones, on Violet Keyes, in Indianapolis. Miss Keyes was brought here late yesterday and was arraigned this morning before Judge Sparks, on a charge of prostitution, to which she pleaded not guilty, and being unable to provide the \$50.00 bond, was taken to jail to await trial.

It is said that she was indicted on charges which resulted in the grand jury investigating the conduct of several young men in the Falmouth vicinity. According to Sheriff Jones, she was located in a "dry" beer saloon yesterday on Kentucky Avenue in Indianapolis, where she was engaged as "bar-mistress." She formerly lived here.

What promises to be a sensational divorce case involving two well known and prominent people living northwest of Arlington, will take place when the Munden case comes up for trial, as Raymond Munden, has filed a cross complaint to the divorce charges filed by his wife, Goldie Munden. Mrs. Munden sued for divorce on September 23, alleging cruel and inhuman treatment, and asked for the custody of their two-year-old child.

She also alleged in her complaint that her husband had unjustly and without reason intimated that she had been guilty of associating with other men.

In the cross complaint he alleges that she was unduly intimate and guilty of associating with other men namely Earl Parsons, who was a hired hand. He says that Parsons was hired, because of his own illness and the farm had to be managed by someone else. The cross complaint alleges that the cross defendant would permit Parsons to put his arms around her and engage in many other indiscrete and uncalled for actions.

NEW INCREASE IN TUITION TAX LEVY

County Auditor Notified it is Raised To Fourteen Cents in Rushville Township

WILL PROVIDE AMPLE FUNDS

Charles H. Alger Says Farmers Would Like to See Figures Showing Taxes Aren't Raised

A further increase in the tuition tax in Rushville township outside the city of Rushville has been granted by the state board of tax commissioners, according to word received today at the auditor's office, correcting the first increase of which the auditor was notified yesterday.

The latest advance in the rate puts it at fourteen cents, which is only one cent less than the trustee, J. V. Young asked, and which will give him ample funds to pay his school teachers next year. He needed more revenue in the tuition fund next year because he is opening a township high school at the Webb school southwest of Rushville.

The statement received at the auditor's office yesterday said that Rushville township tuition tax had been increased from five to nine cents on the hundred dollars, but a letter received by the trustee stated that he had been allowed the tuition tax for which he petitioned, fifteen cents. It was known that there was a mistake some place, but it was presumed that the notice received by the auditor was official since it is he who certifies the tax levies to the county treasurer.

The new increase to the tuition tax has the effect of bringing the rate in Rushville township outside the city up \$1.03 whereas it was originally fixed at 94. It is now 46 cents less than asked by the township trustee and advisory board.

Charles H. Alger, 425 North Perkins street, who a few days ago pointed out his taxes both on city real estate and on farms in Jackson and Rushville townships were more has submitted another statement to the Republican calling attention to the fact that the state board adding 40 percent to the personal property valuations in Rushville fixed by the local taxing officials, made the appraised value of many items greater than their first cost.

"The farmers of Rush county", he says, "would like to see figures showing that their taxes are not raised under the new law as the governor said there should not be any more paid in than last year. Figures show that the old appraised value of 490 acres of land in Rushville and Jackson townships is \$29,080 and the taxes \$658.15. Under the new law, with the state board

Clocks Go Back Tonight After 2 Years of Switching Back and Forth

From Now on Timepieces Will Remain on Old Basis as Present Congress Repealed Daylight Saving Law After Bitter Fight.

Washington, Oct. 25.—With the turning back of the clocks of the land one hour at 2 o'clock tomorrow morning the American people again will live by normal time. For two years the clocks were moved forward one hour in the spring and moved back one hour in the fall, but from now on the timepieces will remain on the old-time basis, as the daylight saving law was repealed by the present congress after a bitter fight in which President Wilson took a hand.

The law was designed primarily as a war measure to increase food

and war material production by offering an additional hour of daylight for workmen. The first complaint over the new time came from the farmers, who declared the law was working hardships on them by causing extreme early rising. Representative of the farmers opened the fight against the measure and although President Wilson vetoed the repeal of the law, sufficient majorities in the house and senate were obtained to uphold the repeal and the daylight savings law was killed.

Railroad officials and employees have been instructed to turn their watches back one hour at 2 o'clock Sunday morning. Trains caught in terminals will be required to remain there until the scheduled time of departure under the new rule.

Prohibition Act Not Brought to His Attention, Grayson Says

(By United Press.)

Washington, Oct. 25.—The president is slow in gaining in strength, said the statement issued today by the president's physician, Dr. Grayson said the national prohibition act had not been brought to the attention of the president and that he had not been in conference with the cabinet which met in special session.

Burleson called at the White House today and conferred with Grayson, it was learned.

WILSON CABINET TO FORMULATE POLICY

Fails to Reach Agreement on Coal Strike Plans and is Called Again for 4:30.

LEWIS ISSUES STATEMENT

(By United Press.)

Washington, Oct. 25.—President Wilson's cabinet will reassemble this afternoon at 4:30 p. m., it was learned, following a session lasting two and one-half hours this morning.

The whole matter of the threatened coal strike is to be laid before the president before the cabinet reassembles.

No agreement on the policy to be pursued could be reached at the morning session.

Following the afternoon session it was expected a statement would be issued from the White House setting forth a government policy in clear terms.

Numerous suggestions have been received. There was little inclination today to recommend the government taking over the mines.

SIPE COURT MARTIAL VERDICT NOT PUBLIC

When it Will be Announced is Not Known, Having Been Delivered to Gen. Smith Last Night

NO INTIMATION OF CONTENTS

(By United Press.)

East Chicago, Oct. 25.—The verdict in the case of Richard Sipe, Jr., Marion county clerk who was charged with refusing to obey his superior officers, was expected to have been placed in the hands of Brigadier General Harry B. Smith, commanding the state troops in the steel strike zone, last night.

When the verdict will be announced is not known.

The court martial which tried Sipe returned the verdict late yesterday, but no intimations were made as to the nature of the verdict which was sent out.

Mr. Sipe is the son of Dr. and Mrs. R. W. Sipe of Orange and is also related in Rushville and elsewhere in the county, where he frequently visits.

LEE TO MEET HINES

NURSE SERVED ALL DURING LATE WAR

Mrs. D. Pirie Beyea, Who Speaks at Red Cross Meeting Sunday Night, Received Two Citations

ONE OF FIRST 10 TO ENLIST

Fact is Emphasized by Red Cross Officials That No Collection Will be Taken at Meeting

Mrs. D. Pirie Beyea, who will address the mass meeting at the Main Street Christian church Sunday evening at seven o'clock in the interests of the Red Cross Roll Call, was one of the first ten nurses who volunteered in 1914 to go with the American ambulance unit at Neuilly, France. She has an interesting story to tell of the wonderful work of the Red Cross, which the people of Rush county will be asked to give their continued support in its peace-time work.

A musical program has been provided for the meeting and a crowd which will pack the auditorium of the church is expected. The fact is emphasized by Red Cross officials that no collection whatever will be taken at the meeting. Rush county has already contributed its share toward the Red Cross national fund and all the people will be asked to do during Roll Call week, which opens November 2, will be to continue their membership in the Red Cross, or join if they are not already members.

Mrs. Beyea served under Colonel Joseph Blake at the first battle of the Marne and after spending four months in France, she sailed for Holland to take up work in Belgian camps, and did refugee work in Holland and Belgium until her return to the United States in 1916.

As soon as America entered the war, the following year, Mrs. Beyea enlisted with the American army and returned with them to France, where she first served with the Red Cross military hospital No. 2 in Paris. She took care of the first division during the offensive at Cantigny and was later sent up to Chaumont Thierry where she served with evacuation hospital No. 6 during the months of July and August.

Mrs. Beyea was still connected with this evacuation hospital when she went into the Argonne and was located at the first army head—

CLEAR UP CONFUSION AMONG HACK DRIVERS

Supt. George Says They Must Pay Taxi License When They Own Machines to Haul Children

NO FEE IF OWNED BY TRUSTEE

Confusion has existed in the minds of school hack drivers in Rush county regarding the taxi license clause in the federal revenue act, especially after the internal revenue collector in Indianapolis sent out a statement to the effect that school hack drivers did not have to pay the fees. But the apparent conflict which appeared after Frank M. Edwards, a deputy collector, made some drivers pay a license, has been cleared up.

John Stoten who uses his machine for hauling school children in Center township, consulted Supt. C. M. George after he read the statement by the state revenue collector, feeling that he was not compelled to pay a tax. He was informed by Supt. George that no license need be paid when the school hack was owned by the township, but in cases where the driver owned his machine, it was up to him to pay a tax.

Many suggestions have been made as to the nature of the celebration. One thing seems to be certain—that it will be a home-coming for all former service men who have never been honored by Rush county. There was a Welcome Home celebration held here for all soldiers, when the old Company B boys returned, but at that time scarcely half of the men from here who served during the war, had been discharged.

All sorts of ideas have been presented regarding the observance including a fireworks demonstration, a parade, a dance at night on the streets, doughnut stands to serve former soldiers free of charge, an industrial parade, an address in the afternoon, a display of war relics by the Indianapolis recruiting station, an airplane exhibition, a balloon ascension and many other things. The committee on arrangements wants to hear all of these suggestions before Monday afternoon at five o'clock.

and Verdun and the Argonne-Meuse. She received two citations for work under fire, the second one coming from the high command, and her evacuation hospital was given the honor of the bridgehead at Coblenz, Germany. Mrs. Beyea went up with the troops from the Argonne into Germany, serving at Coblenz until her return to America.

She is a finished and practiced speaker and an address very much out of the ordinary may be expected. Mrs. Beyea was actively engaged speaking for the Fifth Liberty Loan the Salvation Army drive and later with the C. C. Alber chautauqua circuit in New York, Pennsylvania, Ohio, Michigan and Kentucky.

MILITIA MOBILIZED.

FARMERS OF UNION TO MEET

Advantages of Organization to be Explained at Gings Tuesday

All of the farmers in Union township have been urged to attend the meeting at the Gings school, on Tuesday night, for the purpose of hearing further about the Farmers' Federation which is now being organized in Rush county. The township is organized, but a community meeting will be held, for the purpose of explaining to those who have not been able to attend any of the meetings. C. F. Patterson of Tipton county, who has often addressed the farmers here, will be the speaker, and all, whether members or not, will have an opportunity of hearing a good sensible talk about the farmers associations, and what may be expected from the State Farmers' Federation, with which the Rush county organization is affiliated.

Farmers Urged to be at Oscar Newhouse's Farm Tuesday, 9 A. M.

Farmers are invited to visit Oscar Newhouse's farm in Jackson township at nine o'clock Tuesday morning to inspect a row of corn which was planted from an ear infected with dry rot. M. E. Detrick, county agent, is anxious to have as many as possible see it to show what the dry rot will do to corn. The damaged ear was planted as an experiment. Mr. Detrick will be at Mr. Newhouse's farm Tuesday checking up in the five-acre corn contest.

CHURCH REOPENED SUNDAY

Ceremony to be Held by Second M. E. Congregation at 3 P. M.

The congregation of the Second Methodist church will celebrate the reopening of their church, which has recently been redecorated, with appropriate exercises tomorrow afternoon at three o'clock. All of the woodwork, seats and pulpit have been refinished and the walls tinted. A new carpet was laid this week after the building was thoroughly renovated. The organ has also been overhauled in preparation for the opening. The Revs. C. S. Black, L. E. Brown and C. J. Bunnell of the Methodist, Christian and Baptist churches respectively, have consented to attend the ceremony and take part. The choir has prepared a special program for the occasion.

The cross complaint also names Roscoe Parish as one of the men whom his wife had associated with, mentioning that she had attended the Connersville fair with him, and had gone "joy riding" with him. Munden, in the cross complaint, alleges that his wife is not a fit person to have the custody of their child, and that at present her mother is keeping it. He alleges that her mother is old, and feeble minded, and that she is not a capable person to have charge of the infant, and asks the court that he be given the custody of their child.

John A. Tittsworth represents Mrs. Munden and C. W. Duncan filed the cross complaint for Mr. Munden. Because of the special case in Indianapolis, Judge Sparks has added another week of the present term, and court will continue during next week. On the calendar next week are several cases which involve the recent grand jury indictments.

Personal property in the county was raised 30 percent by the state board. Hogs were appraised at an average of \$14 and the thirty percent added makes their taxable value \$18.20 a hundred pounds when they are now about \$10.50. Corn was appraised at \$1 a bushel, and with the

In reply to Mr. Alger, it is pointed out that the state tax board increased the valuations in various ratios in this county in an effort to equalize the personal property and real estate and improvements throughout the state. Equalization of assessments in the state is necessary because every taxpayer has to pay the state tax. The increases in valuations put on by the state board does not affect in the least the amount of taxes paid locally. The taxes have to yield so much revenue and if the valuations had not been increased, the rates would have been higher.

Now is the time to buy manure spreaders. If my friends will look over my stock they will become convinced that I am practicing what I preach, "Buy Now." My liberal stock proves my position. If you will investigate the RUSHVILLE SPECIAL Spreader you will understand how wevery machine is helping to sell more of them.

You can't afford to wait for improvements, because this spreader is years ahead of anything else right now, and it is your misfortune if you fail to get the benefit of this spreader this year. Prices are not going to drop, and it is hard to make the RUSHVILLE SPECIAL Spreader any better. No argument for delay.

The conveyor cannot clog or slip under the load. Notice from the cut the swinging sections how they empty and clean themselves. Nothing can lodge on the lower conveyor. It goes straight through to the ground.

If you will come to the store and look inside of this box you will find every section is raised slightly above the one ahead of it, forming a SAW-TOOTH grip that moves the load. This is our FORCE-FEED. Fifteen years from now, after the Litchfield Patents have expired, every other kind of conveyor will be a thing of the past.

What other spreaders will be fifteen years from now, the RUSHVILLE SPECIAL Spreader really is TODAY. Brings Blessed Relief To Rose
and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs al-

most nothing. Get a one ounce bottle of Mentholized Arcine at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work, but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

URGES WILSON TO CALL A NEW PUBLIC GROUP

Secretary Lane Wants New Industrial Conference to Think in Practical Terms.

OLD ONE NEVER GOT STARTED

(By United Press.)

Washington, Oct. 25.—Secretary of Interior Lane, who is chairman of the national industrial conference, in a letter to President Wilson today, urged him to act favorably on the recommendation that the public group have a new conference.

The industrial conference never really got started, wrote Lane. It died at its birth because questions arose which it was not prepared to meet, he declared.

"This should not end the efforts to effect a settlement. I want to see a new conference of leading minds that will think in practical terms," Lane said.

DEMANDS RELEASE CONSUL

State Department Sends Note to Mexican Government Today.

(By United Press.)

Washington, Oct. 25.—The state department has delivered a note to Mexico demanding release of William O. Jenkins, American consular agent, kidnapped at Pueblo, Mexico, even if it is necessary for the Mexican government to pay a ransom, assistant Secretary of State Phillips announced today.

A resolution directing that all armed forces of United States be used in an effort to obtain the release of Jenkins, was offered today by Senator Myers, Montana. Jenkins is said to have been kidnapped by rebels.

RESOLUTION ASKS LAW ENFORCEMENT

One by Senator Thomas Calls on Federal Government to Compel Obedience During Strike.

NO ACTION TAKEN UPON IT

(By United Press.)

Washington, Oct. 25.—Officials of the federal government were called upon to take appropriate action in enforcing obedience and respect for the constitution and laws in the threatened coal strike, in a resolution offered by Senator Thomas of Colorado today.

No action was taken upon the resolution. It declared that the strike would injure or suspend nearly all industries and would inflict hardship upon all people and provoke disorder. It added, "That we hereby give to the national administration and all others in authority the assurance of the constant and continuous support in the great emergency confronting us."

John Lewis, acting head of the mine workers today issued a statement charging that the operators refused to negotiate on a new contract with the miners so that they might save the strike to boost the coal prices. He charged that the prices of coal have gone up \$1 a ton in some places.

TAKE

PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pains; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPsinco immediately relieves. Keep PEPsinco handy and take it the next time.

The "Open Shop"

The "open shop" whose adherents gained a victory in the national industrial conference this week is, true American way to do business. The "closed shop" is as near un-American as the waving of the red flag. It was the ultimate aim of the labor group at the conference which sought to have passed a resolution endorsing collective bargaining.

The demands of the labor unions were one-sided. The unions speak of the "right" of wage earners to bargain in a certain way but assumes that there shall be no right to bargain in any other way. What the unions desire is not the right, but the power, to bargain collectively, and, under the form of bargaining collectively, to dictate terms to employers. Their object is not bargaining but dictation.

The only truly American policy—the only truly democratic policy—is for wage earners to bargain collectively or individually as they may prefer and as they may be able to bargain with employers. Whenever an employee is compelled to participate in collective bargaining against his will, his right has been taken from him and he is no longer a free man. He becomes a subject of the union and its agents, no longer free to take employment when he so desires. Whenever an employer is denied the right to bargain individually with his employees, his right has been taken from him, also, and he becomes a subject of the union and its agents.

The demand of the labor unions, assuming to speak for all wage-earners, although authorized to speak for relatively few, is an attempt to overthrow the first principle for which our forefathers fought the American revolution—the right to life, liberty and the pursuit of happiness. With the demand of the labor union granted, the word "liberty" would scarcely have a place in our vocabulary. Popular government of, for and by the labor unions—an autocratic government granting to the rest of the people only so much life, liberty and happiness as might be necessary to prevent revolt. With the hand of the labor union in control of transportation, in command of steel production, in supervision of coal production, and probably dominant in the police service of cities, there would be no recognized rights of farmers, cattle growers, sheepmen, horticulturalists, dairymen, gardeners, merchants, manufacturers, mine-owners, etc. The proposal is the setting up of a government by class with defiance of the rights of all not members of that class.

Wage-earners have the right to day to bargain collectively if they wish. They also have the right to

We are never without it and cannot too highly recommend it." F. B. Johnson.—(Adv.)

The Golden Rule stands no chance with a big army.

It's a wise woman who knows how far to go with indiscretion.

bargain individually. They are in the full enjoyment of unimpaired liberty of action. Forced bargaining through a labor union is not maintenance of liberty—it is the destruction of liberty. Forced submission to the mandates of a walking delegate is not liberty—it is serfdom. Forced membership in a union as a prerequisite to employment is not liberty—it is the very reverse.

It is the plan and practice of labor unions to limit production and to establish a standard of speed with consideration for the least efficient rather than the most efficient. That policy and practice has resulted in under-production and has aided materially in bringing about the present excessive cost of living. That practice contravenes sound public policy and is unjust to the great majority of people who depend for success upon their own individual industry, enterprise and thrift. Forced collective bargaining would be a wrong—not a right. To speak of it as a 'right' is a perversion of language. Freedom to bargain either individually or collectively is the only truly American policy, conducive to progress and promotive of the public welfare.

The Sky Pilot

In times past we have been accustomed to refer to the preacher as "a sky pilot". The name stuck, whether it pleased the preacher or not.

But it remained for a preacher himself to justify in fact the appellation applied in jest.

Lieutenant Maynard, a chaplain in the United States Army, earned off the honors in a cross-country distance flight, in which ten aviators lost their lives.

As a sky pilot he is a pronounced success, for his feat required nerve and judgment of an exceptionally high order.

Now if he can preach as well as he can fly he should be able in time to tell the truth to the average congregation and get away with it.

Score one for the sky pilot.

Enthusiasm is an asset in business, but it works most smoothly when the brake of common sense is applied.

It is never wise to begin that which you can not finish. Young men who seek to climb the ladder from the top generally hit the bottom with a thud.

The optimist fills his hearer full of his dreams of the impossible, while the pessimist dwells upon his misery and his woes. The wise man, however, achieves success by becoming neither the one nor the other, but by profiting from the errors of both.

Life, like the wilderness, is full of pitfalls. The wise avoid them, but the foolish see in them only the tinsel joys of an earthly existence.

What Our Neighbors
Are Talking AboutSenator Watson's Address
(Seymour Republican)

The charges of Sen. Watson, Indiana, that among the corps of employees in the federal trade commission are men and women who are avowed anarchists, bolsheviks and radicals, is serious in the extreme. The senator's speech is one of the most sensational that has been delivered in the senate for months and his accusations have stirred the country. The senate will likely pursue its usual course of calling for an investigation of the matter and Senator Watson declares that he is prepared to furnish testimony supporting his charges.

Senator Watson did not speak in glittering generalities. He mentioned names of individuals whom he charged with waving "red" flags and with expressing gratitude and satisfaction over bomb outrages which resulted in the death of innocent people. One man was credited in the commission's report with "important aid", according to Senator Watson, yet he described him as a "Russian from Riga, an intellectual socialist of the most pronounced type who throughout the war was intensely pro-German. He has always expressed himself as an ardent admirer of Lenin and Trotsky and claims to be a personal friend of Lenin." Others who were praised by the commissioners for "services rendered" were said by Senator Watson to have participated in demonstrations against the government.

Whether or not the charges are as serious as Senator Watson believes, and he surely has evidence of convincing value or he would not make such personal accusations, it does appear that radicalism and bolshevism are getting a firm root in our government. Probably this is because the departments of the government are centered in Washington and the senators and representatives had never thought to keep in touch with what is going on under the dome of the capitol. Somewhere, someplace these radicals have established headquarters from which they are directing their work. It is more than likely that they are attempting to get control of the governmental departments and the sooner the truth is revealed the better it will be for the American government.

We will hear more about the Watson charges.

Roosevelt Merely American.
Says Claude G. Bowers

By Former Secretary of Late
Senator Kern.

The presidency of the republic has been held by many politicians and a few statesmen; by many party leaders, and by a few whose contributions to progress and stability of the state soon obliterate the memory of their partisan activities. Of the latter type was Theodore Roosevelt.

He may be a Progressive to some today.

He may be a Republican to some today.

He will be merely an American to all tomorrow.

For when the shifting events of time have given to oblivion the party issues of his day, and even the economic problems with which he dealt shall become as antiquated as those that confronted Colbert, the robust Americanism that he preached and lived will be an inspiration and direction to real Americans through all the years to come. And no matter how elaborately you plan, or how splendidly you build, the monument of Roosevelt must be the preservation in the hearts of the people of the uncompromising Americanism he personified.

R.H.S. COMES FROM BEHIND AND WINS

High School Basketball Team Defeats Sandusky Quintet Here Friday Night, 19 to 14

VISITORS START WITH VIM

Second Team Plays Rings Around Glenwood in Curtain Raiser, Winning by 26 to 5

The Rushville high school basketball team came from behind last night, and displayed real basketball defeating the Sandusky high school by the score of 19 to 14. The second team from the local high school also defeated the Glenwood team by the one sided score of 26 to 5.

Rushville met a team last night which was far superior to any that has played here this year, and in the first few minutes of play it could be seen that both teams would have to fight to a finish in order to determine the winner. The first half saw a sawed between the two, and at one time it looked as if the visitors would walk away, as the score stood 7 to 9 in their favor.

All through the game the players had a tendency of roughing it, and because of this the score was not any higher. Time was called by both sides, and in the last half, Sandusky was fouled for calling time the fifth time during the game.

Since the defeat of last Friday, the locals underwent heavy practice, and showed up exceedingly well last night. In the opinion of many, Sandusky outplayed the locals from the start on field work, and made several sensational field throws. Rushville was unable to break away at any period of the game and display a flash of fast basketball, and during the last half, most of the playing was at the visitors end of the field.

It would be hard to say who was the best players for Rushville, as they all shared equally in handling the ball. Gray, forward, showed a remarkable improvement, and made three field goals in the first half, but was replaced in the last half by Miller, who set a fast pace for the rest of the players to follow.

The first half ended by the score of 13 to 9, in favor of Rushville, and in the last half Sandusky tried to overcome the small margin, but was unable to do so. The summary is as follows:

Rushville (19) Sandusky (14)
Moore F Palmer
Gray, Miller F R. Marlowe
Headlee C Ruddell
Eakins G Clark
Frazee G C. Marlowe
Field goals, Moore 2, Gary 3,
Headlee 2, Palmer, R. Marlowe 4,
C. Marlowe. Foul goals Headlee 2,
Eakins, C. Marlowe 2. Referee Veri
Belout.

In the curtain raiser, the Rushville team played rings around the Glenwood high school, and at no time in the game was the outlook very bright for the Glenwood boys. The Rushville second team line up as follows: Casady and Kelly, forwards; Phillips, center; Martin and Davis, guards. Glenwood: Wynn and Vandivier, forwards; Daily, center, and Grose and Carr guards. Final score 26 to 5.

S. H. THOMSON'S ATHLETIC RECORD

Recently Received High Honors as Nation's Premier Athlete in National A. A. U. Meet

HE HAS A NOTED BROTHER

Six Years Ago Set Record With 7,411 Points at Princeton, Which Still Holds Good

(By United Press.)

New York, Oct. 25.—Seven years ago a slim, muscular school boy walked from an athletic field in Pasadena, Cal., with an ambition to become the nation's greatest athlete.

At the age of fifteen he had taken the colors of the Pasadena high school into an all-around championship meet and been crowned the victor.

Recently at Jersey City, this same lad, grown now to a six footer of superb build was crowned the nation's premier athlete in the national A. A. U. "all-round" championship meet.

He is Samuel Harrison Thomson, star Princeton athlete of Los Angeles, Cal., and late of the American Expeditionary Forces.

The new champion is twenty-two years of age. He comes of athletic stock. Six years ago at Princeton his brother, Rev. Fred C. Thomson, became the national champion and set the record of 7,411 points which still stands.

In bringing the second championship title to the family, the younger Thomson accumulated 6,133 points after a battle with Larry Karimo, the noted Finn of Detroit.

The Californian won the running high jump at 5 feet 10 1/2 inches; the 880 yards walk in 3:37 4/5; the 16 pound hammer throw with 115 feet, 10 1/2 inches. He was second in the 100 yards dash finishing one foot behind Dan Shea of the Pastime (N. Y.) A. C. in 11 1/5 seconds; second in the 16 pound shot-put with 38 feet, 5 inches; second in the pole vault with 9 feet, 5 inches; second in the 120 yards hurdle behind Karimo who went the distance in 16 3/5 seconds; second in the 56 pound weight event with 18 feet 7 1/2 inches; fourth in the running broad jump with 18 feet, 11 1/2 inches and fourth in the one-mile run at 5:31 3/5.

The new champion is no Thorpe in ability or physique but he does approach close to the type of the ideal American athlete. He has size, grace and ease of movement almost to the point of laziness. In the high jump he would rise from a squatted position on the ground walk leisurely to the bar and clear it with no exertion. The same confidence and ease of action was apparent in all his efforts.

In commenting upon the championship meet it is but fair to pay tribute to the Finn representative of the Detroit Young Men's order, Larry Karimo, who finished second in the meet. Without attempting to detract any from the credit due to Thomson's victory it is said in justice to the Finn that the Detroit man beat himself out of the championship that his all-round form proved he deserved.

Karimo lost the championship by being disqualified in the 880 yards walk. His indulgence in running, which caused his disqualification and the loss of at least 700 points must have been due to a case of "rattled nerves" as there was no reason for his violation of the rules. He was in fourth place comfortably and instead of playing shrewdly for sure points he had one of those so-called "balloon ascensions" and got out of his gait.

However cool nerves and steadiness may be an attribute of a champion and in this respect Thomson proved himself far the superior and it enabled him to win what was a very closely matched contest.

I. U. AND PURDUE RESTING TODAY

Notre Dame Only One of "Big Three" in Indiana Which Was In Action

MEETS STRONG AGGREGATION

Wabash Played Earlham Friday and DaPauw Met Michigan Aggies At Lansing Today

By HEZE CLARK
(Written for United Press.)

Indianapolis, Ind., Oct. 25.—Notre Dame was the only one of the Hoosier "Big Three" college football teams in action today. Purdue and Indiana will rest. Purdue played a hard game with the University of Chicago last Saturday and Indiana played the heavy Minnesota team at Indianapolis.

Notre Dame plays the Western State Normal of Kalamazoo at Notre Dame. It was expected when the game was scheduled that this contest would be an easy one as the Catholic team had a hard bruising game with the heavy Nebraska eleven at Lincoln last Saturday. Coach Rockne of Notre Dame, however, does not have an easy game this week. The Western State Normal defeated the Michigan "Aggies" 21 to 18 about ten days ago and last week played Wabash college at Lansing.

On Nov. 1, Notre Dame will play Indiana at Washington Park in Indianapolis, and Coach Rockne had hoped to keep his trick forward passes under cover in the Western Normal game which will be watched by Indiana scouts. However, if Notre Dame is to win, Quarterback Bahan will be forced to open up and show some real tricks in the passing line for a team that can defeat the Michigan "Aggies" is sure to be strong.

While Notre Dame is the only one of the so called "Big Three" in action today there are other important games scheduled among Indiana colleges. Coach Townsend's Wabash college team met Coach Mow's Earlham eleven at Crawfordsville yesterday.

The Saturday games that are scheduled will also have a direct bearing on the ranking of the teams. Rose Poly plays Butler in Indianapolis. Coach "Lefty" Gilbert's Engineers are big husky men and the Terre Haute team was picked by critics to win. Coach Malone's Butler men will make a great fight for the game as it will have a bearing on the Y. C. A. L. championship.

Coach Buss' DePauw university team which last Friday played Butler, met the Michigan "Aggies" at Lansing today. The Tigers have played a hard schedule this season but Buss' men had a chance to win from the Michigan team.

Franklin college football men went to Cincinnati where the Baptists meet St. Xavier. Coach Thurburn's team defeated Hanover 76 to 0, and St. Xavier won from Hanover by a 67 to 0 score.

KNIGHTS BARELY NOSE OUT THE CHANCELLORS

The Knights barely nosed out the Chancellors last night in the K. of P. bowling league when the two teams played, the final score being 2393 to 2389 in favor of the Knights. Derby Green's high score in the third frame won the game for the Knights, he bowling 211 points in that frame. The summary is as follows:

\$5,000.00 GOES BEGGING

We have repeatedly made this offer but no one can claim it

FLORENCE HOT BLAST

THE WORLD'S GREATEST HEATER

I Will Give \$5,000 to Any Stove Manufacturer or Dealer who will produce a soft coal stove outside the construction of the FLORENCE that will burn all the ingredients of soft coal and will heat the same amount of space with the same amount of fuel as the Florence. Signed,

J. B. HOWARD.

The above \$5,000 offer has been made for the past twelve years every place where the Florence has been exhibited. It stands to reason that if any dealer or stove manufacturer could produce a stove that would do the work that the Florence will do they would not only have claimed the \$5,000, but would have gotten the benefit of letting the people know what great stoves they have.

Why pay 25 per cent more for other makes of stoves which they claim are just as good as the FLORENCE HOT BLAST? Why buy other makes of stoves when you can save 25 to 35 per cent of your coal bill with a FLORENCE HOT BLAST?

MOSCOW HIGH WINS GAME

Defeats Arlington Quintet Friday Afternoon 18 to 17

The Moscow high school basketball team defeated the Arlington five at Moscow yesterday afternoon by the narrow margin of 18 to 17. The score was tied at 16 to 16 with three minutes to play when Harlan made a field goal for Moscow and Birt for Arlington followed with a foul goal.

The line-up and score follows:
Moscow (18) Arlington (17)
Reber F W. Nelson
W. Hungerford F Catt
Harlan C Birt
Hurst G Macy
Reed G McKibben
Field goals—Reber, W. Hungerford 3, Harlan 3, Catt 3, Birt 3, Macy; foul goals—Birt 3. Substitutes—Arlington, Marshall for W. Nelson. Referee, Toon.

MILROY FIVE VICTORIOUS

Defeats Carthage High School Basketball Team 20 to 0

The Milroy high school basketball continued with their winning streak, and last night shut out the Carthage high school team on the Carthage floor, by the score of 20 to 0. The Milroy team had size in their favor, and outplayed the Carthage team in every way, not allowing them even a foul throw. The second teams of the two places also played a preliminary game which resulted in favor of Carthage, the score in this game being 10 to 7, and was even more interesting than the other game. Carthage will play the Rushville high school here on Thursday night, and in this game, the dopsters can figure out how Milroy and Rushville will play, when they meet here the week following.

All Look Alike
To Dame Fashion

By MARGARET ROHE
(Written for United Press.)

The dear dead ladies of the past seem resurrected now at last. Parading down the Avenue; Or at the restaurants on view. You see Marie de Medici Or Queen of Sheba and maybe Fair Beatrice by Dante sung And Paul's Virginia pure among That dashing dame La Pompadour. And divers worldly beauties smore Of course it's just the way they're dressed; From every age we've picked the best

From peasant plaything, slave and queen, To make the mode nineteen nineteen.

New York, Oct. 24—It's a bit of a shock just at first to glimpse a Medieval maid and a mid-Victorian charmer having tea together at the Ritz or a Roumanian peasant girl strolling down Fifth Avenue arm in arm with a Pagan princess. But you're bound soon to get used to these little discrepancies in rank and periods.

As a bridge of years and a leveler of rank fashion has no equal. Such a conglomeration of fashions from all climes, ranks and ages make up the latest model modes for 1919-1920 that "you pays your money and you takes your choice" according to your fancy and your figure or perhaps their figure when it comes to a decision.

It would seem that there is to be a fight to a finish whether the slim straight lines of the past few years are to win out or the round bodiced bouffant hip creations that are struggling so hard to make over our silhouettes. The straight narrow lines just stubbornly refuse to be ousted and for day wear the plain chise frocks are quite as ubiquitous as the puffed bodiced ones. For evening although the airy insouciance of the hoop skirt is the newest note still the swathing straight hung lines reminiscent of the Italian renaissance glorified in gold and silver brocade cling to fashion and the form divine.

About the only point of unanimity between these warring factions of what's to be what in the modish outline is embroidery. You find it always and all ways on every smart gown, suit, wrap or blouse. Russian and Roumanian peasant embroideries in brilliant hued wools, gold and silver from the Orient—it matter not a white what kind or color just so there is some of it somewhere about you. Bead embroideries are a bit passe except on the evening gowns and then all over solid masses of iridescent globules make up the entire gown rather than a mere garnishment of beaded motifs.

Entire gowns of glistening black or gold paillettes sheat the wear so

Mrs. Raymond Hargrove will be hostess for the members of the Coterie Monday afternoon at her home in West Seventh street.

Mrs. Roy E. Harrold will entertain the members of the Tri Kappa sorority Monday evening at her home in North Perkins street.

Mr. and Mrs. Richard Fleehtart, Miss Julia Casady and Mrs. Will Bennett, of this city and Mrs. Frank Cotton of Birmingham, Ala., were the guests of Mr. and Mrs. S. A. Casady of Shelbyville yesterday.

Mr. and Mrs. Wilbur Stiers entertained the members of the Evening Card Club last evening at their home in North Perkins street with a pitch-in supper. After the supper the guests present enjoyed the remainder of the evening playing cards.

Invitations have been issued announcing the coming marriage of Miss Margaret Schrontz, daughter of the Rev. and Mrs. Schrontz, of Orange to Nolan Siel, of Grayville.

frugally that you shudder to think of the consequence should a spangle or two drop off.

Lovely pompadour silk and changeable taffetas in pale shades turn you into a veritable Dolly Varden with puffed panniers and flower garlanded underskirt or a demure Victorian damsel with lace trimmed fichu, pointed boned bodice and raveled neckings. The hoop skirt models are developed mostly in lace, garlanded with ribbons, fur or flowers over underslips of metal cloth in gleaming gold or silver. In gold or silver lace these bouffant creations are exquisite and in the back cobwebs of Chantilly she is a pretty poor little spider that can't entangle many hearts this season.

There are so many ravishingly feminine accessories to make up your costume these days too. The quaint little clusters of false curls that the milliners are sewing in our broad brimmed hats to hob seductively over each ear which are already adrip with large and ornate pendant earrings turn you indeed into an old time "hairoine". Colorful and barbaric necklaces of beads and scarves of lace and gauze and fur aid to the shoulders, burden and odd and original rings and bracelets, lace mitts, bags of beads, embroidery or metallic brocade furnish an arm and handful and startling new belts and girdles of metal embroidery or any old odds and ends lets everything go to waist. With such a headful and so much on hand you wonder how the fair frail feminine can hope to have any headroom left for politics or a free finger left to stick in the ballot box, but I'll say she does.

The wedding will take place Tuesday morning at eight o'clock at the home of the bride's parents in Orange.

A Hallowe'en dance will be given by the Social Club next Friday evening, Oct. 31, in the social club rooms in North Morgan street. The event will be an antique costume party and a prize will be given for the best dressed couple.

The Helping Hand club of the Christian church of Homer enjoyed an all day meeting Wednesday at the home of Mrs. William Webster, northwest of Homer. At noon a pitch-in dinner was served and the afternoon was spent in piecing a comfort top. Those present were Mrs. Jack Springer, Mrs. Omer Mull, Mrs. John Hill, Mrs. William English, Mrs. Carrie Miller, Mrs. Rex Kemple, Mr. Roy Ormes, Mrs. Cyrus Willey, Mrs. Kemple, Mrs. Ina Miller, Mrs. Will Adams, Mrs. Herbert Dearingier, Mrs. John Byrd and Mrs. Clyde Mull.

Some members of the Woman's Relief Corps who were not at the inspection and pitch-in dinner Wednesday complained because the article in the Republican yesterday said that a group picture of the "entire membership" was taken, as they were not present. The names of all members present were given and it was presumed that it would be readily understood that the "entire membership" referred to all the members present and distinguished them from the charter members, whose picture was also taken in a group.

On Wednesday evening, October 29, 1919, Wolter and Walker will have Catherine Roberts nine piece superb Marimba Orchestra, now on tour in the state, for one of their special dances at the Modern Woodman Hall. There is to be a prelude musical program from eight to nine o'clock, after which the dance will start and will continue until one p. m. The dance music will be furnished by Miss Robert's orchestra. The personnel of the company is as follows: Miss Catherine Roberts, entertainer; Miss Juanita Noble, cellist; Prof. K. E. Horst, violinist; John A. Otto, pianist; and Lionel Noble, trap drummer.

EXCELLENT PHOTO OF
SEN. WATSON'S FAMILY

Issue of The National Magazine
Publishes Group Picture and
Story of Indiana Senator

HIS PRESIDENTIAL CHANCES

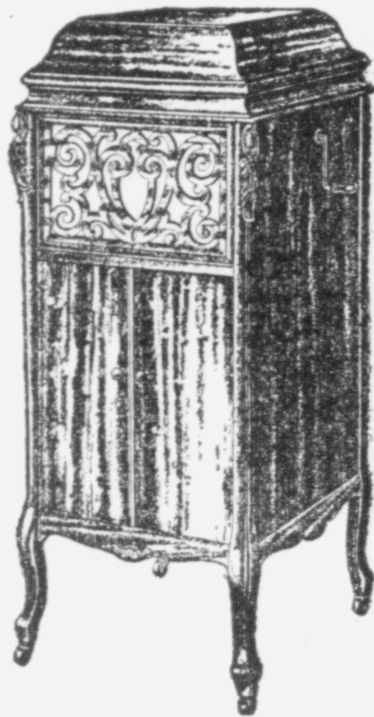

Accompanying a splendid group picture of Senator and Mrs. James E. Watson and their four children Edwin, James, Kathryn and Joseph, which occupies a third of a page in the September number of the National magazine, is the following article regarding Senator Watson:

While he holds the reputation of being one of the leading orators in the country, Senator James E. Watson, of Indiana, seldom speaks in the Senate, but when he does, his utterances are rifle shots. His recent address on the Shantung provisions of the League of Nations was a scathing arraignment of the proposition from an American's standpoint. As chairman of the national republican convention in 1912, he was recognized as one of the young leaders of the party. Now he is named as one of the possible candidates for the presidency. In his grim way, he commented when the question of his candidacy was ventured. "The Republicans might go farther and do worse. Blamed if I don't think they will." He has a hearty, Hoosier spirit, and is very popular with the home folks, but the distinction that Senator Watson is most proud of is that of being the father of a lusty American family and the husband of Mrs. Watson. "Jim" Watson always was an organization man, and his family proves that he begins with the home unit first—for what is a prouder distinction for any man than "father." When perplexing problems are to be confronted and emergencies arise, Senator Watson's long arms begin to swing as he hammers out the proposition in debate. While an ardent partisan, no one can gainsay his sound and intrepid Americanism and Hoosier folks are indeed proud of their "Jim Watson."

Suit of Laura Hamilton Against
Father, John Widau, at Newcastle

The suit of Mrs. Laura Hamilton of South Bend against her father, John A. Widau, which was sent from this county to Henry county on a change of venue, was to have been tried yesterday at Newcastle, but according to reports received here the case was continued until November 19. The suit is for \$600 for services in caring for an invalid sister. The New Castle Courier, in speaking of the case said: "The case was continued because a physician's certificate was presented, stating that Mr. Widau could not appear. It was said that he was recently injured in an automobile accident, but Marion Hamilton stated that Widau was engaged in mixing concrete at his farm yesterday. The court however, held the affidavit sufficient, and continued the case until November 19."

HOMESICKNESS CHIEF CAUSE OF ENLISTMENTS

Records Show 70 Percent of Present Day Recruits are Men Who Have Seen Previous Service

CASE OF KANE IS TYPICAL.

Chicago, Oct. 25.—Homesickness brings more men back into the military service than any other reason, according to officers who have questioned thousands of veterans who have been discharged and re-enlisted since the signing of the armistice. Recruiting tables show that nearly 70 percent of present day enlistments are of men who have seen previous service.

The case of Sergeant Tony Kane, a Marine, who was among the foremost of Chicago's returned war heroes is typical. Kane was thrice cited, receiving the Croix de Guerre with palm, the Medaille Militaire and the Croix de Guerre with star. He was given a warm welcome when he returned home, but a few days after being discharged he again enlisted, saying he was homesick and wanted to get back with the Marines.

Big Lot of Hay Fever Jokes

But Kentucky Man Says—"People Who Balong to Hay Fever Colony are Kidding Themselves."

Wouldn't Be Any Rose or Hay Fever if Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city.

"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Mentholized Arcline and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer."

"Many of my hay-fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up is very mild and does not annoy."

"The Better Class of Pharmacists" who dispense Mentholized Arcline say it will greatly modify any attack even when taken three or four days after hostilities begin.

Go to a real live druggist when you get ready to make a pint.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren Is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence. You can have nerves of steel, firm step, new courage and keep in first class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

Tumultuous Honeymoon

Bachelors will probably smile complacently and say, "I told you so" when they see Bryant Washburn's new Paramount-Artcraft picture, "Why Smith Left Home," which is coming to the Princess tonight. For certainly no man ever had more cause to brand marriage a big mistake than Smith, the youthful bridegroom played by Mr. Washburn. Full of high expectations he eloped with a pretty girl, then through a series of funny accidents wasn't even able to kiss her for a week or more. Train wrecks, fires, a flirtatious servant girl, and finally an earthquake combined to make Smith's debut as a benedict a tumultuous one. Only by masking as a bandit and stealing his bride

was he able to start his happiness right. The picture is taken from George Broadhurst's farce by the same name and is said to abound in mirthful situations. Lois Wilson is the leading lady, and Donald Crisp was the director.

Real Society in Picture

Coming today the Mystic presents a film version of the popular Kathleen Norris novel, "The Heart of Rachael," with Bessie Barriscale as star, today. This picture is a powerful human drama of modern social life with an attractive atmosphere of gaiety and wealth characteristic of the ultra-fashionable set represented.

Not only "film" society but real society appears in the picture, as some of the Los Angeles smart set took part in the big masked ball scenes, tasting the sensations of acting in the films and yet remaining incognito behind the dominoes furnished. They arrived in their costumes upon the night the scenes were to be taken, and were put to work at once with the rest of the gaily-appareled throng. From eight until two-thirty the following morning they danced and capered at the word of the man with the magazine.

A Harold Lloyd comedy, "Just Dropped In," is also on the program today. The third episode of the James J. Corbett serial "The Middle Man," which is entitled "The \$10,000 Reward," will head the program Monday, and in addition a news reel and an L-Ko comedy, "A Skate at Sea" will likewise be shown.

ROUGH PLACES IRONED OUT

Part of Newly Paved Street Taken up And Relaid by Contractor

The Third Street contractor has begun to take out the rough places and make the north side of the new paved street acceptable by the city council, following their complaint. When the council met Tuesday night the subject was discussed, as many people had mentioned the poor workmanship used in many places along the north side. The contractor has finished laying all the brick and work of slushing will be completed in a day or so. The street which was being taken up, was completed, and was being used for traffic.

ANOTHER MEETING ON MONDAY NIGHT

Committee on Arrangements, Appointed Last Night, Will Report on Armistice Day Program

TOWNSHIP CHAIRMAN NAMED

Each Requested to Attend Monday Night When Final Plans For Celebration Will be Made

Committees on arrangements, finance and advertising and a chairman for each township, were appointed at a meeting of business men and others interested, last night in preparation for the celebration of Armistice Day, November 11, and another meeting will be held Monday evening at eight o'clock in the court house assembly room to hear a report of the committee on arrangements and make detailed plans for the event.

The committee on arrangements, which is composed of W. S. Oneal, Walter F. Easley, Jack Knecht, Dr. Charles S. Green, R. S. Davis and Tom Riggs, will meet Monday afternoon at five o'clock in Tom Riggs' office, when a definite program to be presented to the meeting Monday night, will be prepared. In the meantime members of the committee are open to suggestions and would like to hear from every person who is interested in the celebration, regarding their ideas how the first anniversary of the ending of the war should be observed.

The finance committee appointed last night is composed of the following: Will Abernethy, Walter Hubbard, E. R. Casady, P. A. Miller and H. S. Havens.

The advertising committee appointed was Earl Osborne, Paul T. Allen and Roy E. Harrold. Other committees needed will be named at Monday night's meeting.

Township chairmen were selected as follows and one man was designated for each chairman, to notify him to be present, if at all possible, at the meeting Monday night, when plans will be formulated to make the event a county wide celebration. The township chairmen picked were as follows:

Rushville—William A. Alexander, Noble—John F. McKee, Anderson—Frank McCorkle, Orange—Charles Owens, Highland—James Tarplee, Walker—Sylvia Hodge, Posey—Elmer Hutchinson, Ripley—R. H. Hill, Center—Bert Benner.

INTERURBAN AND AN AUTO RUB NOSES

Leslie Trobaugh and Charles French Escape When Motorman Applies Brakes in Time

NEAR ACCIDENT AT CROSSING

Leslie Trobaugh and Charles French narrowly escaped serious injury this afternoon at the Perkins street crossing of the Indianapolis and Cincinnati Traction company, due to the fact that the 1:17 west-bound car had slowed down for the crossing.

The wheels of the interurban as well as the automobile screeched as both motorman and auto driver applied the brakes and the nose of the machine barely touched the front end of the car when both came to a stop.

Mr. Trobaugh did not see the car approaching as his view was obscured by side curtains on the machine. The automobile belonged to his brother-in-law, Frank C. George, an automobile dealer.

DRUG ADDICT HELD INSANE

Harry Dean of Center Township Will be Sent to Madison Hospital

A sanity inquest was held last night in the court house before Squire Steeb, in which it was found that Harry Dean was a person of unsound mind. Dean, according to the information, was addicted to the drug habit and his mind had become affected. He had often made threats against his family and other people, and the officers arrested him yesterday afternoon. His home is south of Knightstown, in the north part of Center township. He is in jail here awaiting papers from the state hospital at Madison.

LITTLE PROGRESS IN CAMPAIGN REPORTED

No Out Townships Have Sent in Contributions to Roosevelt Memorial Fund

SOME HEADWAY IN RUSHVILLE

Little progress was reported today in the collection of funds for the county's quota in the Roosevelt memorial campaign. Up to noon today, not a single out township had reported although word has been received indirectly that several chairmen have been at work in an effort to raise their share of the county allotment.

Loren Martin, Rushville township chairman, has been making headway in his canvass here, and in addition to getting a 100 percent contribution from the employees of the I. & C. power house, has left subscription papers at local factories where, it is said, money is being given by the workmen.

The campaign ends officially Monday, Roosevelt's birthday, and it is hoped the canvass can be concluded as soon as possible so that the drive will not extend over a long period of time.

SECOND ACCIDENT AT SAME CROSSING

Automobile Driven by Miss Ruby Earls of Near Glenwood Runs Into I. & C. Car

MACHINE SHOVED UP ON WALK

The second accident within an hour and fifteen minutes occurred at the Perkins street crossing of the I. & C. traction line this afternoon when an automobile driven by Miss Ruby Earls of near Glenwood ran into the side of the eastbound car, due here at 2:24 and was whirled around and shoved up on to the sidewalk in Third street.

Four other women including the owner of the machine, Mrs. J. M. Beaver of Glenwood, R. R. 1, and a child were riding in the machine, but none was hurt as it did not upset. Motorman Abernathy of this city said he saw that the automobile could not avoid hitting the car and tried to stop, but the wheels slid on the wet track.

The automobile was slightly damaged. The left front fender was bent and two spokes in the left front wheel were splintered.

FAMILY OF SIX KILLED

Kearney, Neb., Oct. 25.—Charles Kimmerly, his wife, son, two daughters and an infant child, were instantly killed when an automobile in which they were traveling to their home at Sturgeon, Colo., was struck by a fast Union Pacific passenger train at Odessa, Neb., near here last night.

2 HELD ON GRAND JURY INDICTMENTS

Ed Wood Accused of Drawing Deadly Weapons and Violet Keyes For Prostitution

THE LATTER GOES TO JAIL

Raymond Munden Files Cross Complaint Against Goldie Munden Who Asks For Divorce

Two more grand jury indictments have been served by Sheriff Jones, and this morning Ed Wood was brought up, charged with drawing deadly weapons. The affidavit names Hoe Berry as the person whom Wood had threatened with a deadly weapon. Wood entered no plea, and Judge Sparks placed his bond at \$100, which will probably be given before night.

The other grand jury indictment was served yesterday by Sheriff Jones, on Violet Keyes, in Indianapolis. Miss Keyes was brought here late yesterday and was arraigned this morning before Judge Sparks, on a charge of prostitution, to which she pleaded not guilty, and being unable to provide the \$50.00 bond, was taken to jail to await trial.

It is said that she was indicted on charges which resulted in the grand jury investigating the conduct of several young men in the Falmouth vicinity. According to Sheriff Jones, she was located in a "dry" beer saloon yesterday on Kentucky Avenue in Indianapolis, where she was engaged as "bar-mistress." She formerly lived here.

What promises to be a sensational divorce case involving two well known and prominent people living northwest of Arlington, will take place when the Munden case comes up for trial, as Raymond Munden, has filed a cross complaint to the divorce charges filed by his wife, Goldie Munden. Mrs. Munden sued for divorce on September 23, alleging cruel and inhuman treatment, and asked for the custody of their two-year-old child.

She also alleged in her complaint that her husband had unjustly and without reason intimated that she had been guilty of associating with other men.

In the cross complaint he alleges that she was unduly intimate and guilty of associating with other men namely Earl Parsons, who was a hired hand. He says that Parsons was hired because of his own illness and the farm had to be managed by someone else. The cross complaint alleges that the cross defendant would permit Parsons to put his arms around her and engage in many other indiscrete and uncalled for actions.

Clocks Go Back Tonight After 2 Years of Switching Back and Forth

From Now on Timepieces Will Remain on Old Basis as Present Congress Repealed Daylight Saving Law After Bitter Fight.

Washington, Oct. 25.—With the turning back of the clocks of the land one hour at 2 o'clock tomorrow morning the American people again will live by normal time. For two years the clocks were moved forward one hour in the spring and moved back one hour in the fall, but from now on the timepieces will remain on the old-time basis, as the daylight saving law was repealed by the present congress after a bitter fight in which President Wilson took a hand.

The law was designed primarily as a war measure to increase food

NEW INCREASE IN TUITION TAX LEVY

County Auditor Notified it is Raised To Fourteen Cents in Rushville Township

WILL PROVIDE AMPLE FUNDS

Charles H. Alger Says Farmers Would Like to See Figures Showing Taxes Aren't Raised

A further increase in the tuition tax in Rushville township outside the city of Rushville has been granted by the state board of tax commissioners, according to word received today at the auditor's office, correcting the first increase of which the auditor was notified yesterday.

The latest advance in the rate puts it at fourteen cents, which is only one cent less than the trustee, J. V. Young asked, and which will give him ample funds to pay his school teachers next year. He needed more revenue in the tuition fund next year because he is opening a township high school at the Webb school southwest of Rushville.

The statement received at the auditor's office yesterday said that Rushville township tuition tax had been increased from five to nine cents on the hundred dollars, but a letter received by the trustee stated that he had been allowed the tuition tax for which he petitioned, fifteen cents. It was known that there was a mistake some place, but it was presumed that the notice received by the auditor was official since it is he who certifies the tax levies to the county treasurer.

The new increase to the tuition tax has the effect of bringing the rate in Rushville township outside the city up \$1.03 whereas it was originally fixed at 94. It is now 46 cents less than asked by the township trustee and advisory board.

Charles H. Alger, 425 North Perkins street, who a few days ago pointed out his taxes both on city real estate and on farms in Jackson and Rushville townships were more has submitted another statement to the Republican calling attention to the fact that the state board adding 40 percent to the personal property valuations in Rushville fixed by the local taxing officials, made the appraised value of many items greater than their first cost.

"The farmers of Rush county", he says, "would like to see figures showing that their taxes are not raised under the new law as the governor said there should not be any more paid in than last year. Figures show that the old appraised value of 490 acres of land in Rushville and Jackson townships is \$29,080 and the taxes \$658.15. Under the new law, with the state board

Prohibition Act Not Brought to His Attention, Grayson Says

(By United Press.)

Washington, Oct. 25.—The president is slow in gaining in strength, said the statement issued today by the president's physician, Dr. Grayson said the national prohibition act had not been brought to the attention of the president and that he had not been in conference with the cabinet which met in special session.

Barleson called at the White House today and conferred with Grayson, it was learned.

WILSON CABINET TO FORMULATE POLICY

Fails to Reach Agreement on Coal Strike Plans and is Called Again for 4:30.

LEWIS ISSUES STATEMENT

(By United Press.)

Washington, Oct. 25.—President Wilson's cabinet will reassemble this afternoon at 4:30 p. m., it was learned, following a session lasting two and one-half hours this morning.

The whole matter of the threatened coal strike is to be laid before the president before the cabinet reassembles.

No agreement on the policy to be pursued could be reached at the morning session.

Following the afternoon session it was expected a statement would be issued from the White House setting forth a government policy in clear terms.

Numerous suggestions have been received. There was little inclination today to recommend the government taking over the mines.

SIPE COURT MARTIAL VERDICT NOT PUBLIC

When it Will be Announced is Not Known, Having Been Delivered to Gen. Smith Last Night

NO INTIMATION OF CONTENTS

(By United Press.)

East Chicago, Oct. 25.—The verdict in the case of Richard Sipe, Jr. Marion county clerk who was charged with refusing to obey his superior officers, was expected to have been placed in the hands of Brigadier General Harry B. Smith, commanding the state troops in the steel strike zone, last night.

When the verdict will be announced is not known.

The court martial which tried Sipe returned the verdict late yesterday, but no intimations were made as to the nature of the verdict which was sent out.

Mr. Sipe is the son of Dr. and Mrs. R. W. Sipe of Orange and is also related in Rushville and elsewhere in the county, where he frequently visits.

LEE TO MEET HINES

Washington, Oct. 25.—President W. G. Lee, of the brotherhood of railway trainmen and President L. Sheppard, of the order of railway conductors will meet Wednesday with Railroad Director Hines to receive an answer for the immediate increase of wages it was announced here today.

TROTSKY STAFF CAUGHT

Copenhagen, Oct. 25.—The Royal correspondent of a local paper reported today that the entire staff of Foreign Minister Trotsky was captured when anti-Bolshevik forces took two towns near Petrograd.

NURSE SERVED ALL DURING LATE WAR

Mrs. D. Pirie Beyea, Who Speaks at Red Cross Meeting Sunday Night, Received Two Citations

ONE OF FIRST 10 TO ENLIST

Fact is Emphasized by Red Cross Officials That No Collection Will be Taken at Meeting

Mrs. D. Pirie Beyea, who will address the mass meeting at the Main Street Christian church Sunday evening at seven o'clock in the interests of the Red Cross Roll Call, was one of the first ten nurses who volunteered in 1914 to go with the American ambulance unit at Neuilly, France. She has an interesting story to tell of the wonderful work of the Red Cross, which the people of Rush county will be asked to give their continued support in its peace-time work.

A musical program has been provided for the meeting and a crowd which will pack the auditorium of the church is expected. The fact is emphasized by Red Cross officials that no collection whatever will be taken at the meeting. Rush county has already contributed its share toward the Red Cross national fund and all the people will be asked to do during Roll Call week, which opens November 2, will be to continue their membership in the Red Cross, or join if they are not already members.

Mrs. Beyea served under Colonel Joseph Blake at the first battle of the Marne and after spending four months in France, she sailed for Holland to take up work in Belgian camps, and did refugee work in Holland and Belgium until her return to the United States in 1916.

As soon as America entered the war, the following year, Mrs. Beyea enlisted with the American army and returned with them to France, where she first served with the Red Cross military hospital No. 2 in Paris. She took care of the first division during the offensive at Cantigny and was later sent up to Chateau Thierry where she served with evacuation hospital No. 6 during the months of July and August.

Mrs. Beyea was still connected with this evacuation hospital when she went into the Argonne and was located at the first army head-

CLEAR UP CONFUSION AMONG HACK DRIVERS

Supt. George Says They Must Pay Taxi License When They Own Machines to Haul Children

NO FEE IF OWNED BY TRUSTEE

Confusion has existed in the minds of school hack drivers in Rush county regarding the taxi license clause in the federal revenue act, especially after the internal revenue collector in Indianapolis sent out a statement to the effect that school hack drivers did not have to pay the fees. But the apparent conflict which appeared after Frank M. Edwards, a deputy collector, made some drivers pay a license, has been cleared up.

John Stöten who uses his machine for hauling school children in Center township, consulted Supt. C. M. George after he read the statement by the state revenue collector, feeling that he was not compelled to pay a tax. He was informed by Supt. George that no license need be paid when the school hack was owned by the township, but in cases where the driver owned his machine, it was up to him to pay a tax.

Many suggestions have been made as to the nature of the celebration. One thing seems to be certain—that it will be a home-coming for all former service men who have never been honored by Rush county. There was a Welcome Home celebration held here for all soldiers, when the old Company B boys returned. But at that time scarcely half of the men from here who served during the war had been discharged.

All sorts of ideas have been presented regarding the observance including a fireworks demonstration, a parade, a dance at night on the streets, doughnut stands to serve former soldiers free of charge, an industrial parade, an address in the afternoon, a display of war relics by the Indianapolis recruiting station, an airplane exhibition, a balloon ascension and many other things. The committee on arrangements wants to hear all of these suggestions before Monday afternoon at five o'clock.

She received two citations for work under fire, the second one coming from the high command, and her evacuation hospital was given the honor of the bridgehead at Coblenz, Germany. Mrs. Beyer went up with the troops from the Argonne into Germany, serving at Coblenz until her return to America.

She is a finished and practiced speaker and an address very much out of the ordinary may be expected. Mrs. Beyer was actively engaged speaking for the Fifth Liberty Loan the Salvation Army drive and later with the C. I. Alber chautauqua circuit in New York, Pennsylvania, Ohio, Michigan and Kentucky.

MILITIA MOBILIZED.

FARMERS OF UNION TO MEET

Advantages of Organization to be Explained at Gings Tuesday.

All of the farmers in Union township have been urged to attend the meeting at the Gings school, on Tuesday night, for the purpose of hearing further about the Farmers' Federation which is now being organized in Rush county. The township is organized, but a community meeting will be held for the purpose of explaining to those who have not been able to attend any of the meetings. C. F. Pitterson of Tipton county, who has often addressed the farmers here, will be the speaker, and all, whether members or not, will have an opportunity of hearing a good sensible talk about the farmers associations, and what may be expected from the State Farmers' Federation, with which the Rush county organization is affiliated.

INVITED TO SEE THE DRY ROT

Farmers Urged to be at Oscar Newhouse's Farm Tuesday, 9 A. M.

Farmers are invited to visit Oscar Newhouse's farm in Jackson township at nine o'clock Tuesday morning to inspect a row of corn which was planted from an ear infected with dry rot. M. F. Detrick, county agent, is anxious to have as many as possible see it to show what the dry rot will do to corn. The damaged ear was planted as an experiment. Mr. Detrick will be at Mr. Newhouse's farm Tuesday checking up in the live-acre corn contest.

CHURCH REOPENED SUNDAY

Ceremony to be Held by Second M. E. Congregation at 3 P. M.

The congregation of the Second Methodist church will celebrate the reopening of their church, which has recently been redecorated, with appropriate exercises tomorrow afternoon at three o'clock. All of the woodwork, seats and pulpit have been refinished and the walls tinted. A new carpet was laid this week after the building was thoroughly renovated. The organ has also been overhauled in preparation for the opening. The Revs. C. S. Black, L. E. Brown and C. J. Bunnell of the Methodist, Christian and Baptist churches respectively, have consented to attend the ceremony and take part. The choir has prepared a special program for the occasion.

TWO HELD ON GRAND JURY INDICTMENTS

Continued from Page One
The cross complaint also names Roscoe Parish as one of the men whom his wife had associated with, mentioning that she had attended the Connersville fair with him, and had gone "joy riding" with him. Munden, in the cross complaint, alleges that his wife is not a fit person to have the custody of their child, and that at present her mother is keeping it. He alleges that her mother is old and feeble minded, and that she is not a capable person to have charge of the infant, and asks the court that he be given the custody of their child.

John A. Titworth represents Mrs. Munden and C. W. Duncan filed the cross complaint for Mr. Munden. (Because of the special case in Indianapolis, Judge Sparks has added another week of the present term, and court will continue during next week. On the calendar next week are several cases which involve the recent grand jury indictments.

In reply to Mr. Alger, it is pointed out that the state tax board increased the valuations in various ratios in this county in an effort to equalize the personal property and real estate and improvements throughout the state. Equalization of assessments in the state is necessary because every taxpayer has to pay the state tax. The increases in valuations put on by the state board does not affect in the least the amount of taxes paid locally. The taxes have to yield so much revenue and if the valuations had not been increased, the rates would have been higher.

THE MOTHER

OF INVENTION IS NECESSITY

Now is the time to buy manure spreaders. If my friends will look over my stock they will become convinced that I am practicing what I preach. "Buy Now." My liberal stock proves my position. If you will investigate the RUSHVILLE SPECIAL Spreader you will understand how every machine is helping to sell more of them.

You can't afford to wait for improvements, because this spreader is years ahead of anything else right now, and it is your misfortune if you fail to get the benefit of this spreader this year. Prices are not going to drop, and it is hard to make the RUSHVILLE SPECIAL Spreader any better. No argument for delay.

The conveyor cannot clog or slip under the load. Notice from the cut the swinging sections how they empty and clean themselves. Nothing can lodge on the lower conveyor. It goes straight through to the ground.

If you will come to the store and look inside of this box you will find every section is raised slightly above the one ahead of it, forming a SAW-TOOTH grip that moves the load. This is our FORCE-FEED. Fifteen years from now, after the Litchfield Patents have expired, every other kind of conveyor will be a thing of the past.

What other spreaders will be fifteen years from now, the RUSHVILLE SPECIAL Spreader really is TODAY. Fifteen years from now all spreaders will be using the Bull-Dog Cylinder, the No-Choke Box—and a lot of our other exclusive features. I will tell you about these later. OUR SPREADER IS GUARANTEED FOR FIVE YEARS.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs almost nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a glass bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work, but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

First—WINTER WHEAT FLOUR will make a better loaf of bread.

Second—When you use spring wheat flour you are making a market for the other fellow's goods, and cutting down the market for your own.

URGES WILSON TO CALL A NEW PUBLIC GROUP

Secretary Lane Wants New Industrial Conference to Think in Practical Terms.

OLD ONE NEVER GOT STARTED

(By United Press.)

Washington, Oct. 25.—Secretary of Interior Lane, who is chairman of the national industrial conference, in a letter to President Wilson today, urged him to act favorably on the recommendation that the public group have a new conference.

The industrial conference never really got started, wrote Lane. It died at its birth because questions arose which it was not prepared to meet, he declared.

"This should not end the efforts to effect a settlement. I want to see a new conference of leading minds that will think in practical terms," Lane said.

State Department Sends Note to Mexican Government Today.

(By United Press.)

Washington, Oct. 25.—The state department has delivered a note to Mexico demanding release of William O. Jenkins, American consular agent, kidnapped at Pueblo, Mexico, even if it is necessary for the Mexican government to pay a ransom, assistant Secretary of State Phillips announced today.

A resolution directing that all armed forces of United States be used in an effort to obtain the release of Jenkins, was offered today by Senator Myers, Montana. Jenkins is said to have been kidnapped by rebels.

RESOLUTION ASKS LAW ENFORCEMENT

One by Senator Thomas Calls on Federal Government to Compel Obedience During Strike.

NO ACTION TAKEN UPON IT

(By United Press.)

Washington, Oct. 25.—Officials of the federal government were called upon to take appropriate action in enforcing obedience and respect for the constitution and laws in the threatened coal strike, in a resolution offered by Senator Thomas of Colorado today.

No action was taken upon the resolution. It declared that the strike would injure or suspend nearly all industries and would inflict hardship upon all people and provoke disorder. It added, "That we hereby give to the national administration and all others in authority the assurance of the constant and continuous support in the great emergency confronting us."

John Lewis, acting head of the mine workers today issued a statement charging that the operators refused to negotiate on a new contract with the miners so that they might save the strike to boost the coal prices. He charged that the prices of coal have gone up \$1 a ton in some places.

Sap and Salt

By BERT MOSES

The Golden Rule stands no chance with a big army.

It's a wise woman who knows how far to go with indiscretion.

Hez Heck says: "People need a good sewage system as well as cities."

The practice of health would make the practice of medicine unnecessary.

Ability is so rare that every big institution offers a standing reward for its discovery.

Taxation beyond a certain point is something at which the people have always rebelled and always will.

bargain individually. They are in the full enjoyment of unimpaired liberty of action. Forced bargaining through a labor union is not maintenance of liberty—it is the destruction of liberty. Forced subjection to the mandates of a walking delegate is not liberty—it is serfdom. Forced membership in a union as a prerequisite to employment is not liberty—it is the very reverse.

It is the plan and practice of labor unions to limit production and to establish a standard of speed with consideration for the least efficient rather than the most efficient. That policy and practice has resulted in under-production and has aided materially in bringing about the present excessive cost of living. That practice contravenes sound public policy and is unjust to the great majority of people who depend for success upon their own individual industry, enterprise and thrift. Forced collective bargaining would be a wrong—not a right. To speak of it as a 'right' is a perversion of language. Freedom to bargain either individually or collectively is the only truly American policy, conducive to progress and promotive of the public welfare.

The Sky Pilot

In times past we have been accustomed to refer to the preacher as "a sky pilot". The name stuck, whether it pleased the preacher or not.

But it remained for a preacher himself to justify in fact the appellation applied in jest.

Lieutenant Maynard, a chaplain in the United States Army, carried off the honors in a cross country distance flight, in which ten aviators lost their lives.

As a sky pilot he is a pronounced success, for his feat required nerve and judgment of an exceptionally high order.

Now if he can preach as well as he can fly he should be able in time to tell the truth to the average congregation and get away with it.

Score one for the sky pilot.

Enthusiasm is an asset in business, but it works most smoothly when the brake of common sense is applied.

It is never wise to begin that which you can not finish. Young men who seek to climb the ladder from the top generally hit the bottom with a thud.

The optimist fills his hearers full of his dreams of the impossible, while the pessimist dwells upon his misery and his woes. The wise man, however, achieves success by becoming neither the one nor the other, but by profiting from the errors of both.

Life, like the wilderness, is full of pitfalls. The wise avoid them, but the foolish see in them only the tinsel joys of an earthy existence.

What Our Neighbors Are Talking About

Senator Watson's Address
(Seymour Republican)

The charges of Sen. Watson, Indiana, that among the corps of employees in the federal trade commission are men and women who are avowed anarchists, bolshevists and radicals, is serious in the extreme. The senator's speech is one of the most sensational that has been delivered in the senate for months and his accusations have stirred the country. The senate will likely pursue its usual course of calling for an investigation of the matter and Senator Watson declares that he is prepared to furnish testimony supporting his charges.

Senator Watson did not speak in glittering generalities. He mentioned names of individuals whom he charged with waving "red" flags and with expressing gratitude and satisfaction over bomb outrages which resulted in the death of innocent people. One man was credited in the commission's report with "important aid", according to Senator Watson, yet he described him as a "Russian from Riga, an intellectual socialist of the most pronounced type who throughout the war was intensely pro-German. He has always expressed himself as an ardent admirer of Lenin and Trotsky and claims to be a personal friend of Lenin." Others who were praised by the commissioners for "services rendered" were said by Senator Watson to have participated in demonstrations against the government.

Whether or not the conditions are as serious as Senator Watson believes, and he surely has evidence of convincing value or he would not make such personal accusations, it does appear that radicalism and bolshevism are getting a firm root in our government. Probably this is because the departments of the government are centered at Washington and the senators and representatives had never thought to keep in touch with what is going on under the dome of the capitol. Somewhere, someplace these radicals have established headquarters from which they are directing their work. It is more than likely that they are attempting to get control of the governmental departments and the sooner the truth is revealed the better it will be for the American government.

We will hear more about the Watson charges.

Stop this!

Roosevelt Merely American, Says Claude G. Bowers

By Former Secretary of Late Senator Kern.

The presidency of the republic has been held by many politicians and a few statesmen; by many party leaders, and by a few whose contributions to progress and stability of the state soon obliterate the memory of their partisan activities. Of the latter type was Theodore Roosevelt.

He may be a Progressive to some today.

He may be a Republican to some today.

He will be merely an American to all tomorrow.

For when the shifting events of time have given to oblivion the party issues of his day, and even the economic problems with which he dealt shall become as antiquated as those that confronted Colbert, the robust Americanism that he preached and lived will be an inspiration and direction to real Americans through all the years to come. And no matter how elaborately you plan, or how splendidly you build, the monument of Roosevelt must be the preservation in the hearts of the people of the uncompromising Americanism he personified.

WHEN A CHILD HAS CROUP

Thousands of mothers say Foley's Honey and Tar Compound is the best remedy for croup they know. It cuts the thick choking mucus, clears away the phlegm, opens air passages and eases hoarseness. The gasping, strangling fight for breath gives way to quiet breathing and peaceful sleep. T. J. McCall, Athens, O., writes: "We have used Foley's Honey and Tar in our home for years, and find it invaluable for coughs and colds—especially for croup for our children. We are never without it." F. R.H.S. COMES FROM BEHIND AND WINS

High School Basketball Team Defeats Sandusky Quintet Here Friday Night, 19 to 14

VISITORS START WITH VIM

Second Team Plays Rings Around Glenwood in Curtain Raiser, Winning by 26 to 5

The Rushville high school basketball team came from behind last night, and displayed real basketball defeating the Sandusky high school by the score of 19 to 14. The second team from the local high school also defeated the Glenwood team by the one sided score of 26 to 5.

Rushville met a team last night which was far superior to any that has played here this year, and in the first few minutes of play it could be seen that both teams would have to fight to a finish in order to determine the winner. The first half seemed between the two, and at one time it looked as if the visitors would walk away, as the score stood 7 to 9 in their favor.

All through the game the players had a tendency of roughing it, and because of this the score was not any higher. Time was called by both sides, and in the last half, Sandusky was fouled for calling time the fifth time during the game.

Since the defeat of last Friday, the locals underwent heavy practice, and showed up exceedingly well last night. In the opinion of many, Sandusky outplayed the locals from the start on field work, and made several sensational field throws. Rushville was unable to break away at any period of the game and display a flash of fast basketball, and during the last half, most of the playing was at the visitors end of the field.

It would be hard to say who was the best players for Rushville, as they all shared equally in handling the ball. Gray, forward, showed a remarkable improvement, and made three field goals in the first half, but was replaced in the last half by Miller, who set a fast pace for the rest of the players to follow.

The first half ended by the score of 13 to 9, in favor of Rushville, and in the last half Sandusky tried to overcome the small margin, but was unable to do so. The summary is as follows:

Rushville (19) Sandusky (14)
Moore F Palmer
Gray, Miller F R. Marlowe
Headlee C Ruddell
Eakins G Clark
Frazee G C. Marlowe

Field goals. Moore 2, Gary 3, Headlee 2, Palmer, R. Marlowe 4, C. Marlowe. Foul goals Headlee 2, Eakins, C. Marlowe 2. Referee Veri Belmont.

In the curtain raiser, the Rushville team played rings around the Glenwood high school, and at no time in the game was the outlook very bright for the Glenwood boys. The Rushville second team line up as follows: Casady and Kelly, forwards; Phillips, center; Martin and Davis, guards; Glenwood: Wynn and Vandivier, forwards; Daily, center, and Grose and Carr guards. Final score 26 to 5.

S. H. THOMSON'S ATHLETIC RECORD

Recently Received High Honors as Nation's Premier Athlete in National A. A. U. Meet

HE HAS A NOTED BROTHER

Six Years Ago Set Record With 7,411 Points at Princeton, Which Still Holds Good

(By United Press.)
New York, Oct. 25.—Seven years ago a slim, muscular school boy walked from an athletic field in Pasadena, Cal., with an ambition to become the nation's greatest athlete. At the age of fifteen he had taken the colors of the Pasadena high school into an all-around championship meet and been crowned the victor.

Recently at Jersey City, this same lad, grown now to a six footer of superb build was crowned the nation's premier athlete in the national A. A. U. "all-round" championship meet.

He is Samuel Harrison Thomson, star Princeton athlete of Los Angeles, Cal., and late of the American Expeditionary Forces.

The new champion is twenty-two years of age. He comes of athletic stock. Six years ago at Princeton his brother, Rev. Fred C. Thomson, became the national champion and set the record of 7,411 points which still stands.

In bringing the second championship title to the family, the younger Thomson accumulated 6,133 points after a battle with Larry Karimo, the noted Finn of Detroit.

The Californian won the running high jump at 5 feet 10 1/2 inches; the 880 yards walk in 3:37 4/5; the 16 pound hammer throw with 115 feet, 10 1/2 inches. He was second in the 100 yards dash finishing one foot behind Dan Shea of the Pastime (N. Y.) A. C. in 11 1/5 seconds; second in the 16 pound shot-put with 38 feet, 5 inches; second in the pole vault with 9 feet, 5 inches; second in the 120 yards hurdle behind Karimo who went the distance in 16 3/5 seconds; second in the 56 pound weight event with 18 feet 7 1/2 inches; fourth in the running broad jump with 18 feet, 11 1/2 inches and fourth in the one-mile run at 5:31 3/5.

The new champion is no Thorpe in ability or physique but he does approach close to the type of the ideal American athlete. He has size, grace and ease of movement almost to the point of laziness. In the high jump he would rise from a squatted position on the ground walk leisurely to the bar and clear it with no exertion. The same confidence and ease of action was apparent in all his efforts.

In commenting upon the championship meet it is but fair to pay tribute to the Finn representative of the Detroit Young Men's order, Larry Karimo, who finished second in the meet. Without attempting to detract any from the credit due to Thomson's victory is it said, in justice to the Finn that the Detroit man beat himself out of the championship that his all-round form proved he deserved.

Karimo lost the championship by being disqualified in the 880 yards walk. His indulgence in running, which caused his disqualification and the loss of at least 700 points must have been due to a case of "rattled nerves" as there was no reason for his violation of the rules. He was in fourth place comfortably and instead of playing shrewdly for sure points he had one of those so-called "Balloon ascensions" and got out of his gait.

However cool nerves and steadiness may be an attribute of a champion and in this respect Thomson proved himself far the superior and it enabled him to win what was a very closely matched contest.

I. U. AND PURDUE RESTING TODAY

Notre Dame Only One of "Big Three" in Indiana Which Was In Action

MEETS STRONG AGGREGATION

Wabash Played Earlham Friday and DaPauw Met Michigan Aggies At Lansing Today

(By HEZE CLARK)
(Written for United Press.)
Indianapolis, Ind., Oct. 25.—Notre Dame was the only one of the Hoosier "Big Three" college football teams in action today. Purdue and Indiana will rest. Purdue played a hard game with the University of Chicago last Saturday and Indiana played the heavy Minnesota team at Indianapolis.

Notre Dame plays the Western State Normal of Kalamazoo at Notre Dame. It was expected when the game was scheduled that this contest would be an easy one as the Catholic team had a hard bruising game with the heavy Nebraska eleven at Lincoln last Saturday. Coach Rockne of Notre Dame, however, does not have an easy game this week. The Western State Normal defeated the Michigan "Aggies" 21 to 18 about ten days ago and last week played Wabash college at Lansing.

On Nov. 1, Notre Dame will play Indiana at Washington Park in Indianapolis, and Coach Rockne had hoped to keep his trick forward passes under cover in the Western Normal game which will be watched by Indiana scouts. However, if Notre Dame is to win, Quarterback Bahan will be forced to open up and show some real tricks in the passing line for a team that can defeat the Michigan "Aggies" is sure to be strong.

While Notre Dame is the only one of the so called "Big Three" in action today there are other important games scheduled among Indiana colleges. Coach Townsend's Wabash college team met Coach Mow's Earlham eleven at Crawfordsville yesterday.

The Saturday games that are scheduled will also have a direct bearing on the ranking of the teams. Rose Poly plays Butler in Indianapolis. Coach "Lefty" Gilbert's Engineers are big husky men and the Terre Haute team was picked by critics to win. Coach Malone's Butler men will make a great fight for the game as it will have a bearing on the Y. C. A. L. championship.

Coach Buss' DePauw university team which last Friday played Butler, met the Michigan "Aggies" at Lansing today. The Tigers have played a hard schedule this season but Buss' men had a chance to win from the Michigan team.

Franklin college football men went to Cincinnati where the Baptists met St. Xavier. Coach Thurburn's team defeated Hanover 76 to 0, and St. Xavier won from Hanover by a 67 to 0 score.

KNIGHTS BARELY NOSE OUT THE CHANCELLORS

The Knights barely nosed out the Chancellors last night in the K. of P. bowling league; when the two teams played, the final score being 2393 to 2389 in favor of the Knights. Derby Green's high score in the third frame won the game for the Knights, he bowling 211 points in that frame. The summary is as follows:

FLORENCE HOT BLAST

THE WORLD'S GREATEST HEATER

I Will Give \$5,000 to Any Stove Manufacturer or Dealer who will produce a soft coal stove outside the construction of the FLORENCE that will burn all the ingredients of soft coal and will heat the same amount of space with the same amount of fuel as the Florence. Signed,

J. B. HOWARD.

The above \$5,000 offer has been made for the past twelve years every place where the Florence has been exhibited. It stands to reason that if any dealer or stove manufacturer could produce a stove that would do the work that the Florence will do they would not only have claimed the \$5,000, but would have gotten the benefit of letting the people know what great stoves they have.

Why pay 25 per cent more for other makes of stoves which they claim are just as good as the FLORENCE HOT BLAST? Why buy other makes of stoves when you can save 25 to 35 per cent of your coal bill with a FLORENCE HOT BLAST?

MOSCOW HIGH WINS GAME

Defeats Arlington Quintet Friday Afternoon 18 to 17

The Moscow high school basketball team defeated the Arlington five at Moscow yesterday afternoon by the narrow margin of 18 to 17. The score was tied at 16 to 16 with three minutes to play when Harlan made a field goal for Moscow and Birt for Arlington followed with a foul goal.

The line-up and score follows:
Moscow (18) Arlington (17)
Reber F W. Nelson
W. Hungerford F Catt
Harlan C Birt
Hurst G Macy
Reed G McKibben
Field goals—Reber, W. Hungerford 3, Harlan 3, Catt 3, Birt 3, Macy; foul goals—Birt 3. Substitutes—Arlington, Marshall for W. Nelson. Referee, Toon.

MILROY FIVE VICTORIOUS

Defeats Carthage High School Basketball Team 20 to 0

The Milroy high school basketball continued with their winning streak, and last night shut out the Carthage high school team on the Carthage floor, by the score of 20 to 0. The Milroy team had size in their favor, and outplayed the Carthage team in every way, not allowing them even a foul throw. The second teams of the two places also played a preliminary game which resulted in favor of Carthage, the score in this game being 10 to 7, and was even more interesting than the other game. Carthage will play the Rushville high school here on Thursday night, and in this game, the dopsters can figure out how Milroy and Rushville will play, when they meet here the week following.

All Look Alike To Dame Fashion

By MARGARET ROHE
(Written for United Press.)

The dear dead ladies of the past seem resurrected now at last parading down the Avenue; Or at the restaurants on view. You see Marie de Medici Or Queen of Sheba and maybe Fair Beatrice by Dante sung And Paul's Virginia pure among That gashing dame La Pompadour. And divers worldly beauties smore Of course it's just the way they're dressed:

From every age we've picked the best

From peasant plaything, slave and queen, To make the mode nineteen nineteen.

New York, Oct. 24—It's a bit of a shock just at first to glimpse a Medieval maid and a mid-Victorian charmer having tea together at the Ritz or a Roumanian peasant girl strolling down Fifth Avenue arm in arm with a Pagan princess. But you're bound soon to get used to these little discrepancies in rank and periods.

As a bridge of years and a leveler of rank fashion has no equal. Such a conglomeration of fashions from all climes, ranks and ages make up the latest model modes for 1919-1920 that "you pays your money and you takes your choice" according to your fancy and your figure or perhaps their figure when it comes to a decision.

It would seem that there is to be a fight to a finish whether the slim straight lines of the past few years are to win out or the round bodiced bouffant hip creations that are struggling so hard to make over our silhouettes. The straight narrow lines just stubbornly refuse to be ousted and for day wear the plain chise frocks are quite as ubiquitous as the panniered bodiced ones. For evening although the airy insouciance of the hoop skirt is the newest note still the swathing straight hung lines reminiscent of the Italian renaissance glorified in gold and silver brocade cling to fashion and the form divine.

About the only point of unanimity between these warring factions of what's to be what in the modish outline is embroidery. You find it always and all ways on every smart gown, suit, wrap or blouse. Russian and Roumanian peasant embroideries in brilliant hues of wools, gold and silver from the Orient—it matter not a white what kind or color just so there is some of it somewhere about you. Bead embroideries are a bit passe except on the evening gowns and then all over solid masses of iridescent globules make up the entire gown rather than a mere garnishment of beaded motifs.

Entire gowns of glistening black or gold paillettes sheat the wear so

frugally that you shudder to think of the consequence should a spangle or two drop off.

Lovely pompadour silk and changeable taffetas in pale shades turn you into a veritable Dolly Varden with puffed panniers and flower garlanded underskirt or a demure Victorian damsel with lace trimmed fichu, pointed boned bodice and raveled ruchings. The hoop skirt models are developed mostly in lace, garlanded with ribbons, fur or flowers over underslips of metal cloth in gleaming gold or silver. In gold or silver lace these bouffant creations are exquisite and in the back cobwebs of Chantilly she is a pretty poor little spider that can't entangle many hearts this season.

There are so many ravishingly feminine accessories to make up your costume these days too. The quaint little clusters of false curls that the milliners are sewing in our broad brimmed hats to bob seductively over each ear which are already adrip with large and ornate pendant earrings turn you indeed into an old time "hairoine". Colorful and barbaric necklaces of beads and scarves of lace and gauze and fur aid to the shoulders, burden and odd and original rings and bracelets, lace mitts, bags of beads, embroidery or metallic brocade furnish an arm and handful and startling new belts and girdles of metal embroidery or any old odds and ends lets everything go to waist. With such a headful and so much on hand you wonder how the fair frail feminine can hope to have any headroom left for politics or a free finger left to stick in the ballot box, but I'll say she does.

The wedding will take place Tuesday morning at eight o'clock at the home of the bride's parents in Orange.

A Hallowe'en dance will be given by the Social Club next Friday evening, Oct. 31, in the social club rooms in North Morgan street. The event will be an antique costume party and a prize will be given for the best dressed couple.

The Helping Hand club of the Christian church of Homer enjoyed an all day meeting Wednesday at the home of Mrs. William Webster, northwest of Homer. At noon a pitch-in dinner was served and the afternoon was spent in piecing a comfort top. Those present were Mrs. Jack Springer, Mrs. Omer Mull, Mrs. John Hill, Mrs. William English, Mrs. Carrie Miller, Mrs. Rex Kemple, Mrs. Roy Ormes, Mrs. Cyrus Willey, Mrs. Kemple, Mrs. Ina Miller, Mrs. Will Adams, Mrs. Herbert Dearing, Mrs. John Byrd and Mrs. Clyde Mull.

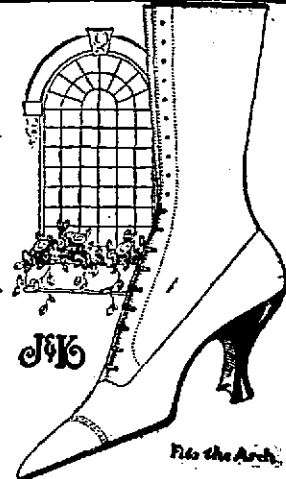

Some members of the Woman's Relief Corps who were not at the inspection and pitch-in dinner Wednesday complained because the article in the Republican yesterday said that a group picture of the "entire membership" was taken, as they were not present. The names of all members present were given and it was presumed that it would be readily understood that the "entire membership" referred to all the members present and distinguished them from the charter members, whose picture was also taken in a group.

EXCELLENT PHOTO OF SEN. WATSON'S FAMILY

Issue of The National Magazine
Publishes Group Picture and
Story of Indiana Senator.

HIS PRESIDENTIAL CHANCES

Accompanying a splendid group picture of Senator and Mrs. James E. Watson and their four children Edwin, James, Kathryn and Joseph, which occupies a third of a page in the September number of the National magazine, is the following article regarding Senator Watson:

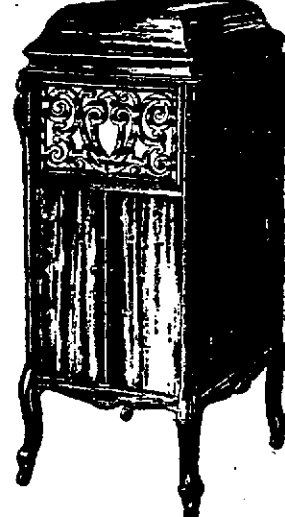

While he holds the reputation of being one of the leading orators in the country, Senator James E. Watson, of Indiana, seldom speaks in the Senate, but when he does, his utterances are rifle shots. His recent address on the Shantung provisions of the League of Nations was a scathing arraignment of the proposition from an American's standpoint. As chairman of the national republican convention in 1912, he was recognized as one of the young leaders of the party. Now he is named as one of the possible candidates for the presidency. In his grim way, he commented when the question of his candidacy was ventured. "The Republicans might go farther and do worse. Blamed if I don't think they will." He has a hearty, Hoosier spirit, and is very popular with the home folks, but the distinction that Senator Watson is most proud of is that of being the father of a lusty American family and the husband of Mrs. Watson. "Jim" Watson always was an organization man, and his family proves that he begins with the home unit first—for what is a prouder distinction for any man than "father." When perplexing problems are to be confronted and emergencies arise, Senator Watson's long arms begin to swing as he hammers out the proposition in debate. While an ardent partisan, no one can gainsay his sound and intrepid Americanism and Hoosier folks are indeed proud of their "Jim Watson."

Suit of Laura Hamilton Against
Father, John Widau, at Newcastle

The suit of Mrs. Laura Hamilton of South Bend against her father, John A. Widau, which was sent from this county to Henry county on a change of venue, was to have been tried yesterday at Newcastle, but according to reports received here the case was continued until November 19. The suit is for \$600 for services in caring for an invalid sister. The New Castle Courier, in speaking of the case said: "The case was continued because a physician's certificate was presented, stating that Mr. Widau could not appear. It was said that he was recently injured in an automobile accident, but Marion Hamilton stated that Widau was engaged in mixing concrete at his farm yesterday. The court however, held the affidavit sufficient, and continued the case until November 19."

HOMESICKNESS CHIEF CAUSE OF ENLISTMENTS

Records Show 70 Percent of Present Day Recruits are Men Who Have Seen Previous Service

CASE OF KANE IS TYPICAL.

Chicago, Oct. 25—Homesickness brings more men back into the military service than any other reason, according to officers who have questioned thousands of veterans, who have been discharged and re-enlisted since the signing of the armistice. Recruiting tables show that nearly 70 percent of present day enlistments are of men who have seen previous service.

The case of Sergeant Tony Kane, a Marine, who was among the foremost of Chicago's returned war heroes, is typical. Kane was thrice cited, receiving the Croix de Guerre with palm, the Medaille Militaire and the Croix de Guerre with star. He was given a warm welcome when he returned home, but a few days after being discharged he again enlisted, saying he was homesick and wanted to get back with the Marines.

Big Lot of Hay Fever Jokes

3rd Kentucky Man Says—"People Who Belong to Hay Fever Colony are Kidding Themselves."

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city. "But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Mentholized Arcline and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer."

"Many of my hay-fever friends tell me that by starting to gargle and snuff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up is very mild, and does not annoy."

"The Better Class of Pharmacists" who dispense Mentholized Arcline say it will greatly modify any attack even when taken three or four days after hostilities begin.

Go to a real live druggist when you get ready to make a pint.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Ferri is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence. You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Ferri, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Ferri tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Ferri is without doubt the grandest remedy for nervous, run-down, weak, anemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

Tumultuous Honeymoon

Bachelors will probably smile complacently and say, "I told you so" when they see Bryant Washburn's new Paramount-Artcraft picture, "Why Smith Left Home," which is coming to the Princess tonight. For certainly no man ever had more cause to brand marriage a big mistake than Smith, the youthful bridegroom played by Mr. Washburn. Full of high expectations he eloped with a pretty girl, then through a series of funny accidents wasn't even able to kiss her for a week or more. Train wrecks, fires, a flirtatious servant girl, and finally an earthquake combined to make Smith's debut as a benedict a tumultuous one. Only by masking as a bandit and stealing his bride

UP AND ABOUT AGAIN

"I was sick in bed with kidney trouble," writes C. F. Reynolds, Elmira, N. Y., "and my back ached so severely I could not get up. I commenced taking Foley Kidney Pills and in a few days was out of bed. Keeping up the treatment, I was able to go to work. Since then I have had no more backaches and no other trouble with my kidneys." Foley Kidney Pills stop sleep-disturbing bladder ailments and relieve rheumatic pains, sore muscles and swollen joints. was he able to start his happiness right. The picture is taken from George Broadhurst's farce by the same name and is said to abound in hilarious situations. Lois Wilson is the leading lady and Donald Crisp was the director.

Real Society in Picture

Coming today the Mystic presents a film version of the popular Kathleen Norris novel, "The Heart of Rachael," with Bessie Barriscale as star, today. This picture is a powerful human drama of modern social life, with an attractive atmosphere of gaiety and wealth characteristic of the ultra-fashionable set represented.

Not only "film" society but real society appears in the picture, as some of the Los Angeles smart set took part in the big, masked ball scenes, tasting the sensations of acting in the films and yet remaining incognito behind the dominoes furnished. They arrived in their costumes upon the night the scenes were to be taken, and were put to work at once with the rest of the gaily-appareled throng. From eight until two-thirty the following morning they danced and capered at the word of the man with the telephone.

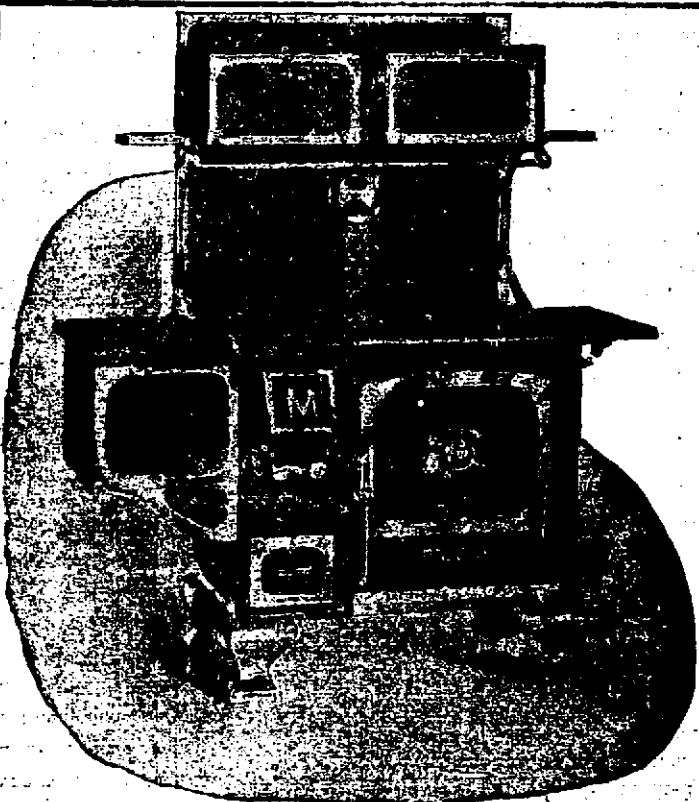

A Harold Lloyd comedy, "Just Dropped In," is also on the program today. The third episode of the James J. Corbett serial, "The Midnight Man," which is entitled "The \$10,000 Reward," will head the program Monday, and in addition a news reel and an L-Ko comedy, "A Skate at Sea" will likewise be shown.

BRAKEMAN IS KILLED

Lebanon, Ind., Oct. 24.—Arthur P. Barker, of Indianapolis, was killed at Hazelrigg Thursday afternoon by a Big Four passenger train. His body was badly mangled. Barker was the head brakeman on a freight train, eastbound and had just closed a switch when run down.

ROUGH PLACES IRONED OUT

Part of Newly Paved Street Taken up And Relaid by Contractor

The Third Street contractor has begun to take out the rough places and make the north side of the new paved street acceptable by the city council, following their complaint. When the council met Tuesday night the subject was discussed, as many people had mentioned the poor workmanship used in many places along the north side. The contractor has finished laying all the brick and work of slushing will be completed in a day or so. The street which was being taken up, was completed, and was being used for traffic.

Keep the Cow

In the Pantry—A High-Bred Cow

Have milk as you want it, without shortage or waste. Have a milk that is germless and safe. Have cream when you want it and milk when you want it without two separate supplies. That's what we offer in Van Camp's Milk.

Only a Few Can Get It

Milk like Van Camp's can never be produced for all. So we select localities and supply the grocers there. Then we announce it to the homes in those sections. This city is now supplied.

an equal part of water and you have a rich milk for drinking. Dilute as you wish for cooking.

Safety Above All

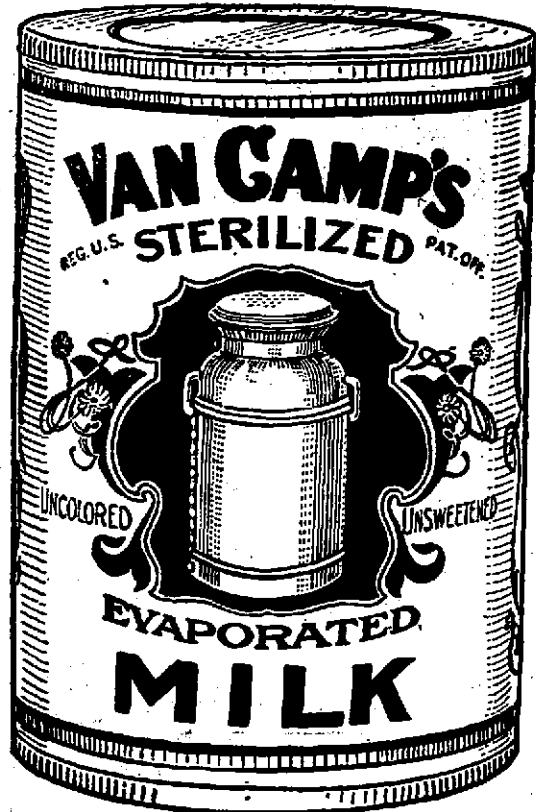

This is sterilized milk, utterly germ-free. The dangers which lurk in bottled milk are absent.

It is economical. It saves all waste. Keep small cans and large cans in the pantry and open what you wish. You will always have milk in plenty, yet never will have too much.

This is the modern method of milk supply. You will adopt it when you know Van Camp's.

Hupmobile Roadster

Equaling the general family interest created by the touring car, the roadster receives particular attention from people seeking a "chummy" pleasure car or the salesman, business or professional man requiring efficient transportation. As an example of roadster construction answering the foregoing requirements the HUPMOBILE two passenger car is worthy of its type. When to this is added the Hupmobile chassis with its performance and satisfaction giving record the combination merits careful consideration.
